

## Giles Civil Ltd Newsletter Sept 2011

Spring is here, the birds are singing, World Cup fever has hit town. What a great time to be alive. The Tongans have shown us all just how to celebrate. Working as a Volunteer behind the scenes has opened my eyes to the professionalism involved in putting on this event. There are a large group of "behind the scenes" people who travel from major event to major event around the world helping to run these shows. Some (whom I've met) have not even seen a game of Rugby.. these events are very transferable. Next stop for many.. the Olympics.

Good luck to all teams & welcome (to the best Country in the World) to all visitors.

### Quotes

"You will only be remembered for two things: the problems you solve or the ones you create."

- [Mike Murdock](#)

A man only learns in two ways, one by reading, and the other by association with smarter people.

[Will Rogers](#)

Don't let yesterday use up too much of today.

[Will Rogers](#)

Even if you're on the right track, you'll get run over if you just sit there.

*First concrete pour: This is a work in progress*

**Law of Probability** -The probability of being watched is directly proportional to the stupidity of your act

**Variation Law** - If you change lines (or traffic lanes), the one you were in will always move faster than the one you are in now (works every time).

**Law of the Bath** - When the body is fully immersed in water, the telephone rings.

**Law of Close Encounters** -The probability of meeting someone you know increases dramatically when you are with someone you don't want to be seen with.

**Law of Biomechanics** - The severity of the itch is inversely proportional to the reach.
